Dear Mr. Wilson,

The Environmental Quality Commission unanimously voted at its May 21, 2001 public meeting to strongly endorse and support the adoption of the KRS 5:047E as a permanent rule. EQC expresses its concern regarding CAFOs and their impacts on our environment. The commission commends the Cabinet for its efforts to address the problems associated with these facilities. Please consider this recommendation as part of the public comments for this regulation.

Sincerely,

A handwritten signature in cursive script that reads "Aloma W. Dew".

Aloma Dew, Chair
